1. Logging In

- 1. Go to `/admin` on your website.
- 2. Enter your **Admin Username** and **Password**.
- 3. Click **"Sign In to Console"**.
- 4. You will see the **Admin Console** sidebar on the left.

Security Warning: Never share your admin credentials. Log out after every session using "Log Out Console" in the sidebar.

2. Dashboard Overview

After login you see the Dashboard with three summary cards:

Widget	What It Shows
Total Inquiries	All contact form submissions ever received
New Inquiries	Submissions not yet followed up (status = New)
Handled Leads	Submissions marked Contacted or Converted

The **left sidebar** links to every admin section.
The **top-right** shows database connection status and a Refresh button.

3. Dashboard Inquiries

Sidebar: Dashboard Inquiries

What it manages: General contact form submissions from the home page and contact page.

Filtering Records

Use the **All / Day / Month / Year** toggle bar:

Filter	How to use
All	Shows every inquiry with no date restriction
Day	A date picker appears — pick a specific day to view
Month	A month picker appears — pick a month (e.g., June 2026)
Year	A year dropdown appears — pick a year (e.g., 2026)

Use the **Search box** to find a specific client by name, email, or phone.

Updating Lead Status

Click the **checkmark (✔)** icon on any row to advance the status:

New → Contacted → Converted → Closed

Deleting an Inquiry

Click the **trash (🗑)** icon. A confirmation popup will appear before deleting permanently.

Column Reference

Column	Description
Customer Profile	Client name, phone, email
Channel / Interest	Service they inquired about
Requirements Message	Message text they submitted
Status	Current follow-up stage
Submitted	Date and time of submission
Controls	Status update & delete buttons

4. Service Requests (Orders)

Sidebar: Service Requests

What it manages: Detailed service order requests submitted via the service inquiry forms. These include

uploaded files (briefs, logos, documents).

Filtering — same as Dashboard Inquiries

Use **All / Day / Month / Year** toggle + Search box.

Viewing Uploaded Documents

If a client uploaded a file with their order, the **Requirements Details** column will show:

- A **"View"** button — opens the file in a new browser tab
- A **"Download"** button — downloads the file directly

Updating Order Status

Click the **"Status"** button to cycle through stages:

New → Contacted → Converted → Closed

Deleting an Order

Click the **trash icon**. Confirm in the popup.

5. Manage Services

Sidebar: Manage Services

What it manages: All existing service listings shown on the Services page.

Editing a Service

1. Find the service in the list.
2. Click the **pencil (✎)** icon.
3. Update the fields:
 - Service Name, Slug (URL path), Short Description
 - Full Description, Price / Starting From
 - Icon Name (Lucide icon), Features list
4. Click **"Save Changes"**.

Deleting a Service

1. Click the **trash icon**.
2. Confirm deletion.

Warning: Deleting a service breaks all public URL links for that service (e.g., </services/google-ads>). Only delete if the service is being permanently discontinued.

6. Add New Service

Sidebar: Add New Service

What it does: Creates a brand new service card on the Services page.

Steps

1. Fill in all required fields:

14. Tips & Best Practices

Always Click Save

Every section has a dedicated **Save** button. Changes are **not** auto-saved. After clicking Save, data is synced to **Supabase** (cloud database) and becomes live on the website within a few seconds.

Refresh If Changes Don't Appear

Click "**Refresh Page**" in the top-right corner of the admin panel. Or press **Ctrl + Shift + R** in your browser for a hard refresh.

Image Upload Guidelines

Setting	Recommendation
Max file size	5 MB
Formats	JPG, PNG, WebP
Team photos	Square or portrait crop

Setting	Recommendation
Gallery images	Landscape 1200×800px
Brand logos	PNG with transparent background

All images are stored in **Cloudinary** — they load fast globally via CDN.

Icon Name Reference

For any field asking for an **Icon Name**, go to <https://lucide.dev/icons> and search for an icon. Copy the **exact camelCase name** shown below the icon.

Examples: **Globe**, **BarChart3**, **ShoppingCart**, **Heart**, **Users**, **Activity**, **Zap**, **Star**

Date Filter Tips

On Dashboard Inquiries and Service Requests, use these filters:

- **Day** → Check if any new leads came in today
- **Month** → See this month's total inquiries for reporting
- **Year** → Annual summary of all inquiries

The stats cards (Total, New, Followed Up) update live based on the active filter.

Security Checklist

- ☐ Never share admin username/password
- ☐ Log out after every session (sidebar → "Log Out Console")
- ☐ Do not edit **.env** files directly — contact your developer
- ☐ If you see a "Disconnected" status in top-right, check your internet connection
